Golf, Fun, & Cows

The sale format will be an open outcry auction similar to a commodity or futures exchange. An open outcry auction is the name of a method of communication between traders on a stockexchange or futures exchange typically on a trading floor. It involves shouting and the use of hand signals to transfer information primarily about buy and sell orders The part of the trading floor where this takes place is called a pit. An open outcry auction, bids and offers must be made out in the open market, giving all participants a chance to compete for the order with the best price. New bids or offers would be made if better than previous pricing for efficient price discovery. Since the development of the stock exchange in the 17th century in Amsterdam, open outcry was the main method used to communicate among traders. This started changing in the latter half of the 20th century, first through the use of telephone trading, and then starting in the 1980s with electronic trading systems. Now, In 2019 we have adapted this process to sell cattle.

Exchange Day Schedule

All Afternoon	Golf At Sherwood On The Hill
5:00 PM	The Exchange Opens
6:00 PM	Dinner
7:00 PM	The Brenhaven Jersey Lots Close
8:00 PM	All Other Lots Close

How It Works

No internet bidding, Just old school pit trading, a black board, & telephones.

Bidding begins! You do not need to be present to bid, You can bid over the phone or leave your bids ahead of time with any member of the team or we can have you on the phone during the exchange. If you are at the sale you can call out your bids or tell one of the team and they will do it for you. Bidding increments are \$25 per head.

All bids will be recorded on the board during a session and also can be found at www.kreegerdairy.com under the exchange tab.

Each lot can be bid on multiple times and you can raise your bid once you have been out bid. Once a bid is placed on a lot it is the active high bid through the exchange until a higher bid is placed or at the exchange ends.

At Closing, bidding is done and the exchange is closed. The high bid on each lot will be the winning bid. If a bid is placed in the during the last 5 minutes of the exchange then then the exchange remain open and bidding can continue until no bids have been placed for 5 minutes.

All cattle are housed on the sellers farms & sold in group lots, Delivery will occur after the sale upon completion of payment for the cattle prior to delivery.
