All Lots sell with 100% Buyer satisfaction

If the buyer does not like the cattle after viewing them prior to loading at the sellers farm, they do not have to take ownership of them, however once they are loaded and leave the sellers farm they are sold on an "As Is" basis with no warranty, expressed or implied and are the property of the buyer.

Payment Terms:

All cattle must be paid for in full before they are loaded.

Payment must be made in good check or wire transfer to Kreeger and Associates, LLC. The buyer will be invoiced for the full amount. Kreeger and Associates will hold the funds until the cattle are loaded. If any difference after loading the balance will be refunded. All bids are in US funds.

Trucking Details: Kreeger and Associates, LLC will assist with load outs and handle arrangements for the trucks.

HEALTH WARRANTY: Proper health certificates will be provided when required any additional testing cost will be the responsibility of the buyer. The results of any future health test is not guaranteed. No is warranted to be free of Johnes or any other infectious disease. For animals that travel outside of the state of origin the buyer will be responsible for the legal importation of cattle into that state, please check prior to the sale.

Errors: The material printed in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over printed material. This information is provided by the owners and DHIA Records and is believed to be correct, however, it is not guaranteed. This sale will be controlled by an auction program. Kreeger and Associates, LLC is not responsible for malfunction or system errors which cause a bid or bidder to fail to be recognized or registered.

General: It is the intention of the owners and the sale management to represent and present these animals in their present condition, however No adjustments will be made after the animal's leave the sellers farm. Females announced as pregnant were found to be pregnant by a licensed veterinarian. No guarantee is made or implied that the pregnancy will go full term. Cattle that are sold with a natural service date are as accurate as possible, although they are not guaranteed to be exact.

Disclaimer: Any person bidding on items in the auction agrees to these terms and conditions and understands that, by bidding, they are entering into a legal binding contract between themselves and the seller(s) and that they will be held financially responsible for their actions. This includes those people representing parties not present at the sale. Neither the owners, auctioneers, sale manager nor other affiliated personnel may be held responsible for any accidents that may occur. Kreeger and Associates, LLC acts only as an agent between buyer and seller and may not be held responsible for any livestock or merchandise. It is to be clearly understood that Kreeger and Associates, LLC and its representatives act only as a medium between buyer and seller, and may not be held liable, financially or otherwise, for any failure in any obligations set forth in this sale.

Girolando Heifer

Consignor: Highland Dairy Sebewaing, MI

Complete Vaccinations / TMR & Pasture

Sire: 551GY01801 ZALMON SX (Gyr)

Born: June 2019

Due to its cross (Milking Gyr x Holstein), Girolando, is a very fertile and efficient breed with a good milk production that is able to produce in a sustainable way in the tropical and subtropical regions. The Girolando breed has a good reputation in Brazil. 80% of the milk production is coming from Girolando cows. They are able to keep a good level of production in different management systems and Climate conditions. Girolando was bred with the aim to create a breed that is able to produce in a sustainable way in the tropical and subtropical regions. It is grounded on crossbreeding the Holstein breed (HOL) with Gir (GL), starting with a $\frac{1}{4}$ HOL + $\frac{3}{4}$ GL cross until they ended with a $\frac{7}{8}$ HOL + $\frac{1}{8}$ GL cross. Because they wanted to breed a productive breed that meets the needs of dairy farmers, they finally ended up with a $\frac{5}{8}$ HOL + $\frac{3}{8}$ GL cross: the Girolando
